The Company's management is responsible for compliance with the GIPS standards and the design of its policies and procedures. Our responsibility is to express an opinion on the items described above (the subject matter) based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Company complied with the subject matter, in all material respects. An examination involves performing procedures to obtain evidence about the subject matter, and includes performing the procedures for a verification set forth by the GIPS standards. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of the subject matter whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, Blueprint Investment Partners LLC has, in all material respects:

- Complied with all the composite construction requirements of the GIPS standards on a firm-wide basis for the periods January 1, 2013 through December 31, 2019; and
